## About Our Clients

We serve individuals experiencing hardship throughout San Diego County regardless of age, identified gender, cultural or economic background. We have helped victims of domestic violence, natural disasters, human trafficking, and individuals experiencing homeless/unemployment.

## Referral Agencies

A direct referral from our partner agencies is the most efficient way to meet the needs of the client. Sharia's Closet is connected to the community through a network of schools and service agencies. They can complete and submit an online Emergency Clothing Request Form on a client's behalf.

Sharia's Closet is a registered 501c3 nonprofit.
